Alexander MacGregor, Founder

Welcome to McGregor's Historic Tour
 McGregor's self-guided historic tour is a great way for walkers, cyclists and drivers to learn about and experience the town of McGregor's rich historic past. Details about each property listing are attempted to be shown from an oldest-to-newest order of operation.

Most of the buildings in town that are listed on this map have a numbered Historic Tour Property Sign posted in its window or affixed to its building. Each numbered sign corresponds to the numbered property and address in this tour book. Some owners may not always have their numbered sign prominently posted, so please rely on cross-referencing the property and addresses.

If you have any questions, our library, chamber & museum are here to help. Please refer to page 5 of the booklet for contact information.
